What a change from January. Only 20 runners started but some very notable achievements. Ron Marsh posted a creditable 19:22 which is a PB for this event. Well done Ron. Other notable times include Mark Bagley who improved his time by over 1 minute, Jules Kennally with 17:30 and Juliette Cox with a much improved 16:26. Well done to all those who took part.

Attention now turns to the Handicap final on 9 March 09. A record 41 members have qualified for the final which is a fantastic achievement. Thank you all for your support. I will endeavour to produce a start list for next week and also place it on the club website for information. Good luck to you all.
